Ribstone Council

Meeting: Minutes

The regular meeting of the Municipal Council of Ribstone was held at Chauvin on Saturday, June 3rd.

All members were present, Reeve Ferguson presiding.

MINUTES—The minutes of last preceding meeting were read, and approved on motion of Council. Sewell.

E. F. Robinson, Esq., Engineer, attended, and consulted with the Council in the matter of the principal roads where the government grant is likely to be spent. The grant allotted was stated to be \$1,109.00, and the like sum to be spent by the Council at each point where the grant was to be used. The surveyors were to be down, and Council. Sewell was authorized to attend to the repairs of the trunk road in the district, and the Secretary was authorized to attend to the dragging of the trunk road east of the meridian to Chauvin.

NOMINATION MEETING—Secretary was instructed to call the meeting to nominate candidates for Division 1 owing to the resignation of Council. Damsel, who has left the district to reside in Edmonton.

RETURNING OFFICER: DEPUTY RETURNING OFFICER AND POLLING STATION—Council. Sewell named that A. Nachtergaele, appointed Returning Officer, A. B. Lambert Deputy Returning Officer and that the Polling station be held at the farm of C. J. Levesque, Car.

MACHINERY—A ditch grader was ordered from Richardson Machinery Company; and the purchase of a grader from the Canada Ingot Iron Company was approved.

The matter of moving fence on the Eardley farm, sec. 24-43-2, 4.M. was left for the attention of Council. Sewell.

Road Diversion taken from Dr. Fokins was referred to the Engineer for attention.

BY LAW NO. 15 for restraining animals from running at large was read a second time, and Secretary authorized to attend to advertising of same, on motion of Council. Tunney.

Roadway for Mr. Beeler was left for attention of Council. Sewell.

Applications for Restaurant Licenses were approved on behalf of Mrs. Stanley and Lee.

WEEDS—Each Councillor was authorized to appoint a weed inspector or for his own district, at \$5 a day including mileage, not to exceed eight days each, and names to be communicated to Secretary, who would issue the formal letter of appointment. Reeve Ferguson appointed Mr. C. Mathison for Division No. 2.

RE-C.P.R. taxes, Sec. 21-44-3 4.M. Council. Tunney moved that the arrears of taxes on these lands be not cancelled, as there had been occupation. Carried.

FIRE GUARDIANS: this matter was left over to next meeting; and in the meantime each Councillor is the Fire Guardian for his own district.

Rate of taxation for the current year was fixed at 7m, on motion of Council. Sewell.

Reeve Ferguson was authorized to attend to any urgent calls for road works from Div No. 1, until the new Councillor is elected.

ACCOUNTS—All accounts as presented (Continued on foot of next column)

Baseball Activities

The baseballers after being considered moribund came to life with a crash on Thursday last. The Ribstone nine journeyed here by handcar and fully intended to repeat their performance of May 24th when they defeated the locals so badly. Chauvin routers turned out in goodly numbers and cheered the boys on to do their best. The locals got away to a bad start, Ribstone scoring 3 in first and 2 in the third, Chauvin only scoring one in each. As the game progressed the home crew tightened and after bunting a goodly number of hits went out in the sixth by a score of 7-6.

This game makes two wins for Chauvin, 1 for Ribstone and a tie. On Tuesday night the locals got to Ribstone to give the neighbouring town a chance to reverse the next game to be played in Chauvin the following week.

Basket Ball

On Friday evening last the local basketballers held a regular field day. Three hotly contested games were played off. The first game between the H. S. Boys and the Specials was anybody's game until the final whistle blew, the score being 8 to 6 for the Specials. The second game between the Edginglassie Sidwatts and the H. S. Girls provided plenty of thrills and the visitors showed their mettle by the increasing intensity of their play in the closing period. The score was 14 to 6 in favor of the H. S. Girls. The final game between Chauvin and the Extras resulted in a win for the Chauvins 10 to 7, the game being marked by occasional spurts when the play became very lively, especially around the centre ring.

THE STANDING OF THE LEAGUE

Team	Won	Lost	To Play
H. S. Girls	6	0	4
H. S. Boys	4	2	4
Specials	2	2	6
Chauvin	2	4	4
Edginglassie	1	3	6

Card Of Thanks

Very sincere thanks are hereby tendered to all those who have shown their sympathy in many acts of kindly helpfulness to Mrs. Mearl Mathieson during her recovery from the recent mishap. The many gifts of flowers, fruits, medical dressings, and comforts have been most appreciable; and we wish to hereby to tender our thanks.

MR. & MRS. MEARL MATHIESON.

Wainwright Sports Day will be held on Saturday, July 1st. Baseball tournament, and other athletic sports will be held. The band will be in attendance all through the day.

(Continued from preceding column)

sent were ordered paid on motion of Council. McCuskey. Carried

Each Councillor presented his estimates for road works for the current year, and same were authorized on motion of Council. Tunney.

Next meeting, Chauvin, Friday June 30th at 1.30

An Innovation For

Vacation Travel

This is an age of advancement. People insist on seeing something new and seeing it in a new way. Things are done differently to what they were years ago, and with the idea of being up-to-date in every respect, the Canadian National Railways are affording the people of Western Canada an unusual opportunity of meeting these desires. To this end a special train is being operated, commencing at Winnipeg through to Prince Rupert, connecting with G.T.P. steamship for Vancouver, Victoria, and Seattle, making stops at various ports of interest en route such as Little Lake Manitou (Vancouver), Saskatoon, Buffalo Park (Wainwright), Edmonton, Jasper Park Lodge (Jasper, Alta.), Prince George, the campers in operation on the Skeena river, B.C., Prince Rupert Vancouver, Victoria and Seattle. The train leaves Winnipeg at 11.30 p.m. Friday June 30th.

The lowest possible fare will be charged, viz: \$13.00, which will include return transportation from Winnipeg with corresponding reduced fares from other points; also sleeping car fare, meals and all entertainment on the going trip, so that passengers will only be required to pay for their meals and berth on the return trip. Choice of various routes may be had for the return trip.

An official of the Canadian National Railways will accompany the party on the going trip to look after their comfort and pleasure, which will insure comfort and pleasure for all concerned. The number will be restricted, so as to ensure a maximum of travel comfort.

Full information can be had from any Canadian National Railways Agent.

Proceeds Of The "Follies" Concert

The Children's Hospital recently opened in Calgary has received a donation from the Chauvin Follies amounting to \$29.90; being half the proceeds of that entertainment.

The other institution to receive a like share is the Soldiers' Orphans of Alberta.

RECEIPTS OF CONCERT

Door Proceeds	68.50
Sale of Tickets	29.25
TOTAL	97.75

EXPENSES OF CONCERT

Orchestra	21.00
Rent of Hall and Dishes	19.00

Soldiers' Orphans	20.00
TOTAL	97.75

Chauvin W.L.A.

Owing to the Baptism Service which will be held at three o'clock on Thursday morning in Westminster church, the Ladies Auxiliary have postponed their meeting for an hour making it four o'clock instead of three o'clock as announced in last week's issue.

Chataouga Coming

To Manitou Lake

A glorious opportunity for a summer holiday is being offered to everyone in this district by the four day Chataouga to be held at Manitou Lake. Beginning on Friday July 7th it will continue until the night of Tuesday July 11th.

A more ideal spot for such an holiday could hardly be found in any of the three prairie provinces.

The program each day will vary and be of interest to young and old alike. A play and a radio concert are to be included amongst the many interesting items on the programs. Our next issue will contain more details. Watch for announcements.

You can't pay interest and other indebtedness, from the proceeds of a ruined crop.—See Gifford's Ad. page five.

Road Work Begun

Road work has been started in the Ribstone municipality. Under the new regulations road work may not begin until after the annual estimates are passed. The estimates were passed at Saturday's meeting, at which the government engineer was in attendance. A grant of \$1100 is being made for roadwork by the provincial government to supplement the municipal expenditure.

The Hail Company can afford to carry the risk—you can't.—See Gifford's Ad. page five.

Manitou A. A. Meeting

A meeting of the Manitou Lake Athletic Association will be held at Cliff School, at 8 p.m. Monday June 12th to discuss the annual picnic.

Mr. P. M. Chapman, reeve of Manitou Lake was a visitor, Monday. He reports crops good in his district.

Why worry? Let the Hail Insurance Company do that for you.—See Gifford's Ad. page five.

Mrs. Houghton, of Kamloops, is paying a visit to her father Mr. Alex Ferguson.

The State of Kansas has even the Province of Alberta beaten for law making. In the state all hotel bed sheets must be at least seven feet long.

It is unlawful for maidens over thirty-five years to use powder or paint within the bounds of the Kansas jurisdiction. The latter law libel prohibition has created a great thirst for these articles.

Day Dream powder however does not ename the face with an artificial beauty it is simply meant to bring out the latent beauty which is natural to the face but which has got marred and faded by an extreme climate. Day Dream is quite harmless and may be used with advantage by ladies of all ages.

Have you tried Day Dream perfumes? It has an elite odor that lasts. Day Dream powder has few equals. For Sale at Chauvin Pharmacy.

HOW CANADA

IS GOVERNED

BORROWING POWERS OF CANADA

All councils have power under the each province to borrow money, and to levy special rates for the payment of such debts on the rateable property of the municipality. All bylaws for borrowing money must receive the assent of the ratepayers before they can be enforced.

Municipal debentures—or legal certificates of a debt due by the municipality—can be issued to secure the repayment of sums borrowed in accordance with the strict provisions of the law governing such cases. All municipal property is liable for the redemption of such debentures and the payment of municipal liabilities.

HISTORIC ORIGIN OF NAMES OF MUNICIPAL DIVISIONS AND OF THEIR OFFICERS

In the names of the municipal divisions and of the machinery of municipal administration, we see again some examples of the closeness with which Canadians cling to the names and usages of primitive (1793) of English government.

The "township" carries us back to the early days when our English forefathers lived in their village communities, of which the "tun" or rough fence or hedge that surrounded them was a feature.

The chief officer or headman of this township was the reeve, a corruption of the Saxon "hereford," a steward or superintendent.

The "elderman"—from "ealdorman" or elderman—is a link connecting us with the early government of shires and was an office of high dignity, still represented by the English lord-lieutenants of present times.

In Ontario there remains in the legislative electoral divisions a district known as the "riding," which is a changed form of "thriding" or "triding," or a local district, used by the Danes for the divisions of Yorkshire.

The ancient English shire, which was under an "ealdorman" for civil and military purposes, became a "county" in Norman times because a count (count) or earl replaced the former functionary.

Our representative body for the local government of a county is no longer called the "folk moot" but the "council," which comes to us from the Normans who again adopted it from the Latin (concilium) or "a collection" of people.

The mayor was an important officer connected with the royal palace of France and has also come to us from Norman times—its original meaning of "greater" (major) having been gradually applied to the principal officer of a local community or municipality.

The "parish" has its origin in a Greek word first applied in early English and French times to a "circuit" or district, presided over by a priest, and which for convenience sake was formed into a civil division.

Episcopal names simply the law made for the government of a "tyce" which was a name given by the Danes to the old English "tun" or township.

The rural municipal governments of Canada are very satisfactory, but the (Continued on page seven)

Community

Organization

Community organization is the most efficient and the most reasonable method of fighting any pest. It is community organization that enables armies to make progress and as long as the organization holds together success is assured. Any disruption in the organization spells failure and results can not be accomplished at any expense of money. Any fight carried on by individuals acting as such is bound to cause a lot of wasted effort and misapplied energy that can be avoided.

When the farmers in a community decide to organize they should make plans to include every farmer and land-owner in the district. One man who holds out in the community may be enough to upset the work of all the rest unless some drastic measures are taken. The present pest act provides for such measures and the

electd leader should make every effort to see that they are enforced. The actions of the leader should be backed by every member of the organization as long as such actions are reasonable. The community organization should not be confined to the farmers but must include the business men in the towns and cities.

The effects of the drought are being felt by the business men and yet how many of them realize that if the grass hoppers were to remain unmolested this season that there would be no crop in the infested area this year.

Where strong community organization has been made in grasshopper districts the results have been exceedingly satisfactory. In most instances the grasshoppers have been eradicated from the district in one season and often with one treatment, though there have been cases where two applications of poison bait have been necessary.

Shotrage Of

Grasshopper Bait

The demands that have been made by the various districts for the ingredients of bait have far exceeded the expectation of the Department of Agriculture, which had purchased earlier in the spring, all of the available bran in the Province and had imported large quantities from as far east as Ontario.

Present indications are that there is very little bran left in the entire Dominion, since all the Prairie Provinces have purchased very heavily. Nearly all of the immense stocks obtained by this province have been distributed, and it may be impossible to fill repeat orders from districts in which the present supplies have not been used with the utmost care.

The greatest economy in the use of the bait will be effected in districts in which the breeding grounds are located as soon as the grasshopper hatch, in order that the latted may be poisoned while they are still confined to comparatively small areas.

Some idea of the good effects of an organized campaign against the hoppers is given by reports which come from Manitoba and Saskatchewan. In places in these provinces where last year there was a combined effort to poison out the hoppers very few indications of eggs have been seen this year. This is a note of encouragement for the farmers of Alberta.

Reports have been received at Edmonton to the effect that a large number of one of the most harmful species of grasshoppers have already been hatched. Specimens that have been seen were those of the Two Striped Grasshopper, and they are very abundant, together with the eggs of the Lesser Migratory Grass-

hopper, in stubble land, particularly in the more sandy portions of the province. We would strongly caution all farmers who stubbled in rye last fall to watch these fields very carefully from now on.

Clear Lake Boys

Camp Announcement

All boy readers of the 'Chauvin Chronicle' are asked to watch the paper each week for camp news. There will be about twenty boys' camps held in various parts of the province this summer. These are being conducted under the auspices of the Boys' Work Board of Alberta.

The Clear Lake Camp will be held for all boys in the Chauvin, Edgerton, Wainwright and Irma districts. The camp will commence about July 12 and will continue for about two weeks. Mr. J. R. Love, M.L.A., Chairman of the Summer Camp Committee under the Boys Work Board of Alberta will be personally in charge of the Clear Lake Camp. It is the desire of the Committee that as many boys as possible between the ages of 12 and 17 years attend these camps. Many boys in the remote rural districts have no opportunity of mixing fellowship with other boys.

One of the most wonderful things about camp is that lasting friendships that are formed there. Boys who never saw each other, boys from all parts of the country live together in the same tent, eat together, work together, and play together. The boy on the farm will cherish such an experience unto the end of his days. The rowing, the swimming, the games, the fresh air, the freedom of dress and action, the enduring of trifling inconveniences and the running of trifling risks, touch with nature in storm and calm, the looking out for one's self, the exercise of one's judgement—all tend to make camp a place where the boy will develop the many side of his nature, and make him despire and rise above all that is weak and effeminate.

More camp news in next weeks paper. Mail all enquiries to Mr. J. R. Love, Irma.

Jameson: "I hear you and your wife had some words last night."

Jimson: "She did, but I never got a chance to use mine."

Mother: "Why are you crying, my little dear? Don't you want to go sailing in this nice boat?"

Willie: "No I don't. The man said there would be a spanking breeze."

Trail Rangers Held Meet On Empire Day

The following is a full report of the district Trail Ranger athletic meet held at Irma on May 24th 1922 when the officials were: chairman of meet, J. R. Love, Irma; judges of jumping events, J. Hollingshead, Irma, and R. Hulland, Edgerton; starter, R. Hulland, Edgerton; timer, N. F. Priestly, Wainwright; scorers J. R. Love and N. F. Priestly.

In all forty entries were received from the following towns, Hardisty (eight), Edgerton (five), Wainwright (sixteen), and Irma (eleven), and of these eight from Hardisty and seven from Irma were qualified to compete in the Provincial C.S.E.T. outdoor athletic tournament for the year 1922. Unfortunately unforeseen circumstances prohibited the Hardisty Trail Rangers from taking part in the Irma

meet.

The athletic grounds were in excellent shape and the weather was ideal. The program commenced at 12 p.m. in the form of a banquet to all Rangers in the district.

Some forty-six took part in this out-standing feature. At the banquet which was given by the Irma Trail Rangers arrangements were decided on for the district summer camp to be held at Clear Lake near Heath commencing on the 12th of July. After every boy had been weighed and classified the thirty-two athletics paraded to the athletic grounds.

Here seating accommodation was had for about 250 people. The program commenced promptly at 2 p.m. and competition was very keen in every event. The Irma boys having been in training for some time had a great advantage over the boys from Wainwright and Edgerton who had

only decided to take part about two weeks before the contest.

The five boys from Edgerton did remarkably well, particularly in the jumping events. Chester Spornitz was the outstanding athlete from Edgerton with a total score of 591 for the seven events.

Chester made the third highest score of all those competing and deserves special mention for the beautiful manner in which he won the running high jump event, Alf Mart- inell also from Edgerton starred in the hop, step and jump by tying for the first place with a score of 121. (2ft 6 in.).

The sixteen athletics from Wainwright although having had very little time for training showed a splendid spirit by staying with the contest to the last event. Little Eddie Springer, though only about half the size of most of the boys drew the admiration of the crowd for his persistent effort. Alana Spence topped the score card for the Wainwright boys with a total of 573 points. Jack McLeod made a splendid record in the jumping events but lost out in the running and throwing contests.

The out-standing athletic of the day was Wayne Mitchell with a score of 704. Wayne has been training faithfully for some time and with one hundred and thirty-five pounds of bone and muscle he has an excellent chance of winning the provincial championship. Although his lowest score was that of seventy in the tag-throw he more than evened it up in the distance throw by heaving the ball 26 feet which is thirty-eight feet farther than the standard required for 100 per cent. In this event Wayne made his largest single score of 138 points. His average for the seven events was slightly over 100. Earl Linnen was his nearest rival with a score of 624.

The Irma boys averaged well over the 100 mark and demonstrated the value of training by the fact that they kept their score up in any event and showed no apparent weakness in any particular event.

After supper a ball game was played between the Wainwright and Irma Trail Rangers which was very closely contested, the Irma boys winning by the score of seven to four.

In the evening lantern slides were shown of Boys' Camps in conjunction with the announcement of the results of the athletic meet.

The following is the order in which the first seven or eight boys finished in each event.

- 50, 75 and 100 Yard Dash
W. Mitchell, Irma, 100 yds. 12 2-5 90.
- W. Mitchell, Irma, 50 yds. 7 90.
- G. Morrow, Edgerton, 75 yds. 10 2-5, 85.
- D. Mathison, Irma, 75 yds. 10 2-5, 85.
- H. Murray, Wainwright, 75 yds. 10 2-5, 80.
- E. Linnen, Irma, 50 yds. 7 2-5, 80.
- G. Fischer, Irma, 75 yds. 10 3-5, 80.
- Potato Race 60 Yards
W. Mitchell, (3) Irma, 16 1-5, 94.
- E. Linnen, (1) Irma, 17 86.
- E. Richardson, (3) Irma, 17 78.
- A. Spence, (1) Wainwright, 17 3-5 74.
- N. Peterson, (1) Irma, 17 335, 74.
- D. Mathison, (2) Irma, 17 2-5, 74.
- M. Steel, (1) Wainwright, 18 66.
- W. Mitchell, (1) Irma, 18 66.
- G. Fischer, (2) Irma, 17 4-5, 66.

Notes Of Interest

Premier Greenfield accompanied by Alfred Chard, freight traffic supervisor for the provincial government, is now in Ottawa to give evidence before the Commons Committee considering the Crows Nest Pass Agreement.

Prof. W. E. Cutler, geologist of the University of Alberta, has left Calgary for a trip by the Uow River and Saskatchewan river, in a row boat for Winnipeg, the object of the trip being to secure fossils. It is stated that it is ten years since the same trip has been attempted.

The annual convention of Women's Institutes of Alberta will be held this year in Calgary, from June 13th to June 17th, the session being held at the ballroom of the Palliser Hotel, being prepared, and it is expected that the convention will be a very large one.

According to an estimate prepared by the crop statistician of the agricultural department, there is very little increase in acreage in wheat in the province this year, but a considerable increase in acreage in oats. Returns have not yet been completed.

A tusk of good African ivory will fetch as much as \$320.

Editorial Comment

WHAT IS SPORT?

"Sport" the dictionary tells us is that which "makes mirth" or "diverts" It is, also described as "play" "game" "amusement" and "out of door recreation."

"All work and no play makes Jack a dull boy" says the old proverb; and it may be added that the community lacking "Sport" is indeed a dull one. The individual who has earned and received the title or of a "Good Sport" has gained no small place in the regard and esteem of his fellows. We concede him to be an open minded, clean living man who enters the game for the love of it. He enjoys the thrill of play; and victory or defeat are less to him than the "Spirit of Sport" whose lead he follows.

MERCENARY MOTIVES KILL TRUE SPORT

It is most unfortunate that sport in the western countries has been too often handicapped by the parasite of mercenary interests. So subtle and invidious has been the growth of the mercenary interests in sports that it is far from easy to identify it's very harmful effects. That it has such of facts may be most easily recognized when we hear folk commonly saying that "to have a good baseball tournament we must put up a good cash prize." No common remark, perhaps, can more clearly portray the fact that much of our baseball is played for profit. Profit in fact sometimes appears to be greater factor than the

honor of playing. Profit it may be for the individual player, and for those who organize the teams.

It has become a recognized thing to play the players and give them a number of concessions which have greater inducements than the enjoyment of the game itself.

"Draft has been the curse of politics and the 'mercenary spirit' is equally the curse of sport."

A town is told to have a Sports day because "it pays." The teams travel where they may get the "big money." The players feeling they should have a share in all the supposed big profits forget the true spirit of sport and seek their share.

So grows the incubus, Money, and More Money! and Still More Money! is needed—whilst "Sport" for sport's sake languishes and dies.

APPLYING TO LOCAL CONDITIONS

To apply these thoughts to our own local conditions. We do not wish to be understood as inferring that our local sports are a lot of grafters making big money. They are not. But the pernicious influence of the mercenary spirit together with the lack of the true sport spirit are making themselves felt in our midst.

A WORTHY RECORD

The Chauvin Athletic Association has for years been the organizing body; having for it's ideal the fostering of "sport" in our midst. Their efforts have been successful in no small measure. Chauvin Sports Day

being generally conceded a worthwhile event. The Association has also played no small part in fostering baseball in our midst from the earliest years. Lately football has received some assistance. In addition, the association has made considerable improvements at the sports ground; and it is commonly admitted that the Chauvin grounds are far above the average in point of convenience and improvement as well as in natural beauty.

WHO PAYS?

An analysis of the financial record shows that no large profits have ever accrued. In fact it shows that the financial burden has been born by a few individuals, some fifteen or less, who in addition to their membership fees, have year in and year out donated considerable hard cash, and have also given time and labor to the work of the Association.—Yet without for as long as we can remember these same individuals have been dubbed, ignominiously, "poor sports." A title they have hitherto accepted without protest.

The general public have done their share in fostering baseball by paying the "gate money." In fact half the entrance fees paid at the gate are absorbed in baseball expenses alone. In other words each person on the grounds during the past two years contributed twenty-five cents towards baseball.

The 1920 and 1921 gate receipts amounted in all to \$885.75, whilst the cash outlay for baseball during the same period amounted to \$495.71. In the same period the "poor sports" donated in hard cash alone \$486.00, without which donations there would have appeared a deficit in the funds of the Chauvin Athletic Association.

Ponder over these figures for but a little while, and you will be able to acquit the chief supporters of the association of being "poor sports" It may be that you can prove that they do not themselves play, but that is the worst indictment to be brought against them.

DIS-SATISFACTION IN THE BASEBALL RANKS

During this period there has been no marked improvement in the standard of baseball in our midst; but the reverse has been the case. There has been constant friction between the personnel of the team themselves, and between the team and the managers. There is little reason to doubt that the managers would have been more active than the true spirit of the sport. Players and non-players alike are sharing a sense of disappointment and dis-satisfaction.

SPORTS THAT PAY THEIR WAY

It is to the credit of the Hockey team and the Curriers that they have maintained their sports without sup-

port from the Association. This because they loved their sport for it's own sake; or in other words, were enthusiasts who dug down into their own pockets for the costs of their sports and played the game.

DEVELOPE THE JUNIOR TEAMS

It would be wise for us to abandon trying to emulate "big league stuff" and return to the true spirit of sport. We should organize and foster our various district teams, taking our boys and "teen" age lads, encourage them consistently; and in three years from date we may look for baseball that will enthrall us.

Ribstone Ladies Aid

A concert and social evening will be given at the hall, June 8th by the Ladies Aid. Concert will begin at 8.30 p.m. Everybody welcome. Admission for adults 50c; Children 25c

The program will consist of readings, solos and "Grandmother's Album". This last item being a group of costume songs, the characters being costume songs, the characters being

taken from Grandmothers Album. Admission, Adults 50c, Children 25c Supper served.

Brady Sunday School

Both parents and children of families in the Brady District will be glad to hear that the new Presbyterian Sunday School has been opened. Its sessions are held, the weather permitting every Sunday at 3 p.m. in the Brady Schoolhouse. If you are interested in the spiritual welfare of your children let them come and be instructed. Also do not fail to remember that you also are invited and will receive a cordial welcome.

Notes From North East

Much sickness still prevails among the young people of this district. We hope for better reports in the near future.

Mrs. J. H. Martin is in hospital at Saskatoon, but is on the mend, and hopes to soon be home again.

Two Chauvin business men were in this district the other evening travelling by car, whether the car went wrong or not, it seems that they cut a zig zag trail clean across a field of wheat. Not a very nice thing to do anyway.

Picnic time draws near and the popular Manitou Lake July let will be held as usual. The following Friday, Saturday Monday and Tuesday, (July 7, 8, 10, and 11) the Chatsauqua will hold sway on the picnic grounds at Manitou Lake.

An interesting announcement may shortly be made by the Telephone Company. One hears of a proposed reduction in the maintenance rate rate for the next quarter, but this is not all. Wait and see!

Wheat in this district is looking good. Mr. G. Gabrielson has some which measured 14 inches high last Friday.

Who on earth has got a drum in the vicinity of the meridian and practices when the neighbours are thinking about bed.

Henry Johannes is busy with his tractor breaking up his new land.

Mr. Meyers (the new missioner) holds services at Cliffe, Brady and Arland one Sunday, and Cliffe, Brady and Stanmore Schools the other.

It pays to advertise. The writer advertised the loss of a colt in this paper last week, and the morning following its appearance received a phone message resulting in the recovery of the animal. Quick work Eh!

Mr. and Miss Wogberg from the States are visiting Mr. and Mrs. P. Wogberg of Fram.

For the last two weeks we have got our Chronicle by Wednesday's mail. We hope this will continue.

FRAM GRAIN GROWERS ASS'N
Grain Growers Sunday, June 18 1922.

A special service will be held in Fram School on Sunday June 18th. Arrangements have been made whereby the assistance of Mr. Leonard D'Albertson of Chauvin has been secured. He will conduct the ser-

vice, and special features will be introduced. Full details as to time etc. will appear in the next issue.

The Fram Grain Growers Association will hold their annual picnic on June 21st. Grounds are situated on 35-44-23. W3rd. 1 1/2 miles from the Meridian bridge. Sports of all kinds for young and old. Bring your lunch. Admission 25c. Bowery dance at night. Everybody welcome.

Crop conditions warrant Hail Protection.—See Gifford's Ad. page five.

Local Notes Of Interest

Mr. and Mrs. Erickson and Miss Erickson have returned from an extended trip to California and now take up their residence at their home.

Rev. W. and Mrs. Millar left for Winnipeg on Monday, the former to attend the General Assembly of the Presbyterian church, and the latter to visit friends in Winnipeg and Arcola.

Rev. Mitchellson will preach at Edgesslie, Killarney, and Chauvin on Sunday June 11th.

Mr. and Mrs. Jones and Mrs. Jensen of Maraden, were visitors to Chauvin, Monday.

J. A. Suffern, Forest officer, of the Manitou Forest Reserve, is much better after his operation in Saskatoon. He and his family are now visiting his parents at Battleford. He will probably stay for a month or so.

Mr. H. G. Suffern has been appointed in charge of the Forest Reserve.

Mr. G. A. Lawson paid a visit to Chauvin, Monday.

We are glad to note that the fence of the Westminster church is being repaired.

The Wednesday half-holidays have commenced for this year and will continue until August 9th.

The opening shoot of the Rifle Club is to be held at the Rifle Range at 3 p.m. Friday, June 9th.

A large percentage of grain was damaged or destroyed by Hail last year.—See Gifford's Ad. page five.

Miss A. Saul, who is teaching at Toilead was in town on Saturday visiting her home.

Assorted Cookies, Doughnuts, Muffins and Pies for sale every day at Chauvin Bakery.

The Funny Side of Life

GRATITUDE

Smith, the prince of prize borses, strolled into the club one day. The smoking room was full, and, wishing to appear on terms of close friendship with a great man, he addressed him before all the other members present.
"Hallo, Sir Gerald!" said the bore. "I passed your horse yesterday!"
"Thank you very much," quietly replied the great man.

THAT WILL COME

A candidate in a country district was getting a firm hold on his electors, and was volubly painting in vivid colors the happy life they would lead if he were their member in Parliament.

"You have not yet got two acres of land each, and a cow, but that will come," he cried.
"You have not got five homes for old people—but that will come."
He passed to prison reform.
"I have had no experience of those institutions," he remarked, "but—"
A voice: "But that will come, gov'nor."

THE FORGER

The captivating weather of the month of May worked its spell and young Johnny played truant from school and made the most of it. All day he enjoyed himself, next morning he went to school quite calmly.

He handed the teacher a note in which he had imitated his mother's hand writing.
"Sure your mother wrote this?"
"Johnny" said the teacher, "are you Johnny looked at the straggling handwriting and said:
"Well, miss, mother stutters, sometimes."

A FELLOWSHIP DINNER

Mabel was a "new woman." She said to Myrtle one afternoon:
"We'll make an evening of it. Come with me to the Ritz, and we'll have a fellowship dinner."
"A fellowship dinner? What's that?" said Myrtle.
"Why," said Mabel, "you pay for mine, and I'll pay for yours."

Teacher: "Thomas, why are you always behind in your studies?"
Pupil: "So that I can pursue them."

MENTION OUR ADVERTISEMENTS

PROMISING

The newly-appointed manager of a banking branch was being introduced to one of his employees.

He singled out one of the men at the cashier's desk, questioning him in detail about his work, etc.

"I have been here forty years," said the cashier's assistant, with conscious pride, "and in that time I have made one slight mistake."

"Good," replied the new manager. "Let me congratulate you. But hereafter be more careful."

CURIOSITY

A lady was entertaining some friends at a small afternoon tea-party her irrepressible little daughter being faulessly until the party was nearly over.

One particular guest had not ceased to arouse the child's curiosity.
Finally, she walked twice very slowly round the guests' chair.
"Well, dear, what is it?" she asked curiously.

"Mumme said you were two-faced," replied the child, "so I was just trying to find your other face."

CHURCH MONEY

An instance of momentary success in the collection has been noted when the minister published the following eulogy in the parish magazine:

"I am a five-cent piece.
"I am too small to buy a loaf bread;
"I am too small to buy one half-pound of chocolates;
"I am too small to buy a ticket for a good picture show.
"I am too small to buy a box of undetectable rouge;
"I am even too small to buy one packet of good cigarettes.
"Nevertheless, some people seem to think I'm 'some money' when I come to church."

ADVERTISE-IT PAYS

MORTGAGE SALE OF FARM PROPERTY NEAR RIBSTONE, ALBERTA

PURSUANT to the directions of the Registrar and by virtue of the Powers of Sale provided by The Land Titles Act, under a certain mortgage which will be produced at the time of the sale. There will be offered for sale by public auction at the Post Office in the Village of Chauvin, in the Province of Alberta, on **MONDAY THE 10th DAY OF JULY** 1922, at the hour of 2.00 o'clock in the afternoon, the following property, namely:

The North-west Quarter of Section Thirty-one (31), Township Forty-two (42), Range Two (2), West of the Fourth Meridian.

containing by admeasurement One Hundred and Seventy-six (176) acres, more or less, reserving unto His Majesty, His Successors and Assigns all mines and minerals.

Terms of sale to be twenty per cent. cash at time of the sale and the balance according to the terms and conditions to be made known at the time of sale upon application to the vendors solicitors.

The above property will be offered for sale subject to a sealed reserve bid and free from all encumbrances, save taxes for the current year.

The vendor is informed that the above property is situated about three and a half miles from the Village of Ribstone, and there are 125 acres of upland and 25 acres of low lying land and 25 acres of hay land. Ten acres of this is covered with small poplar and yellow. There are 1 1/2 miles of two strand wire fencing. The soil is sandy loam with clay and gravel subsoil. The buildings consist of a frame barn. The property is watered by a well. There were 90 acres under cultivation on the property in 1921.

For further particulars and condi-

tions of sale, apply to GRIESEBACH, O'CONNOR & COMPANY, 10072 Jasper Avenue, Edmonton, Alberta.

Dated at Edmonton in the Province of Alberta, this 30th day of May A.D. 1922.

APPROVED:
A. T. KINNAIRD,
(Seal) Dep't. Registrar
GRIESEBACH, O'CONNOR & COMPANY.

FOR
CONFORT

HOW CANADA

IS GOVERNED

(Continued from front page)

same cannot be said of the urban municipal governments, the government of the cities being very unsatisfactory. The explanation of this is that the vote in the rural municipal councils is controlled by the farmers and other leading men, while the councils themselves are composed of the best men and men of substance, who have a proper sense of duty and see that the taxes are wisely and honestly spent. On the other hand, in the towns and cities, the vote is controlled by the least intelligent and the little of little substance, and who are therefore unable to decide what is best and care little how taxation is

increased by extravagance or dishonesty. The management of a large town or city has become an exceedingly large and difficult business, requiring experience, training and a great deal of time. Leading business men can, not spare the necessary time from their own affairs, and the consequence is that the majority of those elected as mayors, controllers and aldermen, are men of little experience, using these offices as a stepping stone to higher public positions, or too often men who seek pecuniary profit. The unfortunate city or town is therefore liable to be mismanaged or robbed, or both. In the United States this has become so notorious an evil that they have introduced what is called government by commission, a misleading term, for government by commission is in effect a government by a small

number of properly paid experts, instead of a mayor and a large number of aldermen. This plan has proved a great improvement and a step in this direction has been taken in some provinces by providing for the election of a small body of men, generally four, usually called, controllers who with the mayor receives salaries and do most, if not all, the work. In several of the provinces one of the provincial ministers is minister or commissioner of municipal affairs, and exercises a certain control and supervision over the municipal corporations, preventing excessive borrowing of money, arranging for sanitary housing of the poor, and the proper laying out of the streets, and plans of the towns and cities. The people are at last realizing that it adds greatly, not only to the happiness of the citizens, but also to the welfare of the community, that the town or city should be beautiful, laid out, and properly provided with parks and public playgrounds. But there is a great deal to be done yet, and it is most important that everyone should do his duty as a citizen and as a Canadian in making the government of the town or city where he lives progressive, wise and honest.

A delegation has presented a request to Hon. R. G. Reid minister of health, that some plan be adopted to make use of unused agricultural school buildings as detention homes for juvenile delinquents in the province. The delegation stated that the need of such homes was very great in the province.

Dr. O. H. Patrick, managing director of Calgary Ranchers, Ltd., Calgary, Alberta, who introduced Karakul sheep into Western Canada, advises that his organization has adopted a new price policy in order to introduce this valuable species of sheep onto as many farms as possible in the prairie provinces, and they will be glad to hear from farmers who contemplate adding sheep to their farm live stock.

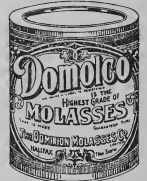

Rub a little butter on the fingers and knife when stoning raisins. This will prevent the unpleasant stickiness.

MENTION OUR ADVERTISEMENTS

PUBLIC SCHOOLS IN ONTARIO
INTRODUCTION

Such a review of the institutions of Canada as I have attempted in this work would be imperfect if it did not include a summary, however short, of the leading features of the machinery that regulates and governs the educational system of each province. Education is necessarily the foundation of active citizenship and good government.

From the following summary of the machinery of school government in all the provinces it will be seen that it is based on the following principles: a general supervision of education in every province by a department of education, and contributions from the provincial funds, for the support of public schools free to all classes of the people; this supervision is exercised by means of government superintendents and inspectors, appointed by the provincial government to visit and report on the condition of the schools of every county; the provincial grant is supplemented by such contributions from the inhabitants of every school district as the law provides in each case; assessments for this purpose are levied, generally speaking, in connection with the municipalities in each province; every school district manages its schools and funds through trustees or commissioners elected by the ratepayers. In this way the government of a province and every municipal district are directly identified and co-operate with each other for the support and development of the education of the people.

(to be continued in our next)

Items Of Interest

Mr. Hawkins will preach at Green-Glade, Sulphur Springs, and LaPearl at the usual hour on Sunday June 11th.

Mr. Hawkins is filling Mr. Mitchell's place, who Mr. Mitchellson is taking Mr. Miller's appointments at Edgingdale, Killarney, and Chauvin at the usual hours. Mr. Miller being delegated to attend the general assembly at Winnipeg.

Preparation for a survey at the operation of the Canadian Banking Act insofar as it affects conditions on the prairies, are being made by the provincial government. An expert who will work under the direction of Attorney General Brownlee will be employed for this work, in order to compile data for the presentation of the provincial case when the House of Commons at Ottawa takes up consideration of the Bank Act.

EDGERTON SPORTS

Edgerton Sports Day take place on Wednesday June 21st. Baseball, horse races and all kinds of sports together with aeroplane flights and stunt flying. Walnwright band will be in attendance. Refreshment booth on grounds. Two comedies will be sure to provide an excellent entertainment for the evening, followed by a dance to first class music.

Misses Dorothy Saul and Florence Cahill left town on Wednesday last to take up duties as school teachers. It being necessary for them to go to Edmonton to ascertain which school the Department would give them.

One of our local farmers suggests the use of bran mixed with clover when seeding so as not to seed too thickly.

NEVER NEGLECT NEEDED REPAIR WORK

If the roof starts to leak the windows rattle, doors sag, walls crumble and ceilings crack, the house is giving sure symptoms that it needs attention.

IT'S WORK THAT MUST BE DONE SOONER OR LATER
Prescribe a little of the right kind of repairs now, and save a great deal of trouble and expense bound to be caused if minor house ailments are allowed to develop into serious disorders.

IF THE OLD BUILDING ISN'T RIGHT, MAKE IT RIGHT.
Just a little overhauling: new puts life in the old home.

REPAIRS, REPLACEMENTS ADDITIONS & ALTERATIONS
ALL REQUIRE GOOD MATERIALS. Not only can we supply the RIGHT MATERIALS AT THE RIGHT PRICE, but we can also tell you the right way to use them. LET US BE YOUR REPAIR DOCTOR—See us at once.

Crop Notes

Welcome rains falling today, (Tuesday) following the wet weather keep the crops in good shape and are very encouraging to farmers and gardeners.

Mr. McLeod, of Walnwright was a visitor of our town on Thursday last.

A Church of England Baptism service will be held in the Westminster Church at 3 p.m. Thursday June 8th.

THE GRASSHOPPERS

While grasshoppers are now hatching out in millions in Southern Alberta, the Department of Agriculture urges upon the officials of municipalities and the farmers, the necessity of economical use of poison bait; and warns against municipalities being stampeded into ordering supplies by the wholesale and permitting their use indiscriminately. Not only does indiscriminate use of poison material result in waste of supplies that are somewhat difficult to get, but it also results in ineffective measures against grasshoppers.

LOST: 1 THREE YR. OLD BROWN gelding, black white strip on face, 3 white fet and small white mark on one eye.
